

Dear FCC,  
I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I urge the FCC to REJECT the NAB's petition 04-160 and I support XM's ability to provide the kind of programming that I PAY FOR, DESERVE, and GREATLY APPRECIATE.

XM Satellite Radio HAS MADE DRIVING SAFER for me since I do not have to constantly switch stations while traveling. I am also able to receive it in remote areas where regular radio stations are unavailable.

XM Satellite Radio has also helped me SAVE FUEL by avoiding traffic delays in areas where I wouldn't know what radio station to listen to get traffic reports.

Jeff M. Schoman
